Eee Pad Transformer TF101

My multiple lifestyle, I decide

- NVIDIA® Tegra™ 2 1.0GHz dual-core CPU for excellent multitasking & 1080p video playback
- Android 3.0 Honeycomb O.S. with Adobe® Flash® 10.2 support*²
- Full QWERTY keyboard, touchpad input with Polaris® Office® for mobile productivity
- 16*¹ hours long battery life for all day computing with docking station
- Brilliant IPS panel with ultra-wide 178° viewing angle made from scratch resistant and super tough glass
- One year of Unlimited ASUS WebStorage, two USB ports, SD and Micro SD card readers for easy sharing & storage expendability
- 3D stereo with max bass response with SRS premium sound

Ultra thin and light design in a unique, stylish pattern

With a super slim profile of only 12.98mm thick in a frame that weighs only 680g, the ASUS Eee Pad Transformer is comfortable to hold from any position. The unique textured pattern offers a better tactile sensation, so it won't feel as if it will slip out of your hands

Powerful mini-cinema entertainment on-the-go

Powered by the NVIDIA® Tegra™ 2 dual-core processor, the Transformer browses the web at blazing speeds, providing a snappier response time and better performance when multi-tasking. Sporting a HDMI 1.3a port, the Transformer can connect to a HDTV and 5.1 surround sound system, delivering an enhanced multimedia experience.

An IPS Panel made from durable and scratch-resistant glass is viewable at angles up to 178°, and produces a crisper and more accurate color range by up to 50% when compared to other tablets in the market.

A 5MP rear- and 1.2MP front-facing camera can shoot and record HD video, which can be played back in stunning 1080p. Output to HD video on HDTVs is also available via a mini HDMI output port, making it a true mobile entertainment device.

Built-in SRS Sound technology provides a dynamic 3D stereo audio experience, with maximum bass response and a wide sound field from the discrete speakers housed within the Transformer.

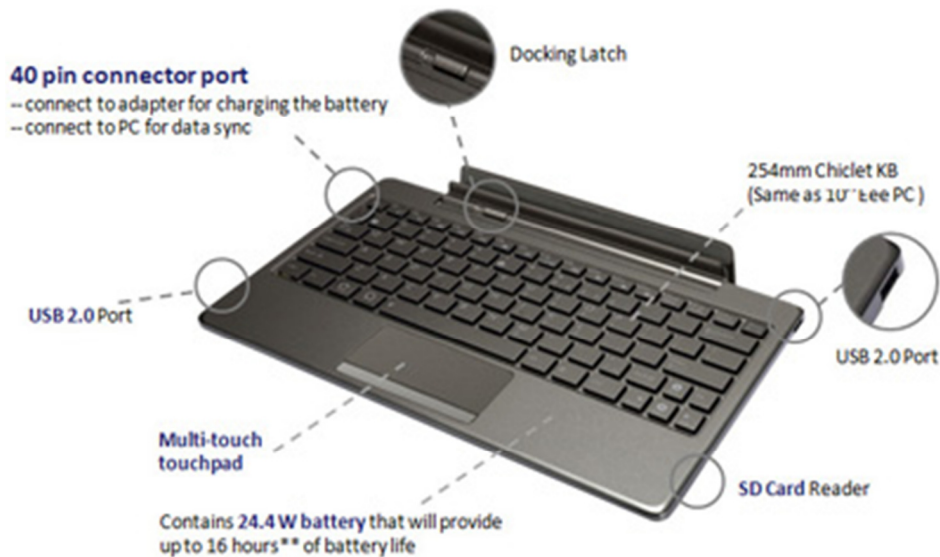

Computers & Electronics Inc. Bay 1 4530 49th Avenue Olds, Alberta T4H 1A4 ph. (403) 556-2413, or
116 Center Street North, Sundre Alberta T0M 0X0, ph (403) 638-2474

Transform to notebook mode with keyboard docking station and 16*¹ hours of battery life

The Transformer sets itself apart from other tablets on the market by featuring an optional docking station. This provides access to a full QWERTY keyboard along with unique Android Function keys, turning the tablet Transformer into a full-fledged notebook.

A touchpad, 3.5mm audio jack, two USB ports as well as a built-in SD Card reader for easy file sharing and storage expandability makes the Transformer a versatile media hub. The docking station also extends the Transformer's 9.5 hours* of battery life up to 16 hours*, so users can use it all day for work and play.

Preloaded on the Transformer is Polaris® Office® 3.0, a professional mobile office Solution which enables users to edit various types of office documents including documents (.doc), spreadsheets (.xls) and presentation (.ppt) files, making the Transformer very attractive for professional use. In addition, the ultra-convenient ASUS WebStorage with one year of unlimited storage space provides worry-free cloud computing.

Android 3.0 Honeycomb OS with ASUS Waveshare UI

Google's Android Honeycomb is a revolutionary operating system specially designed and optimized for tablets, and enables users a full web experience for on-the-go web browsing, communicating and casual computing. Supporting Adobe® Flash® 10.2*² and the ever growing Android Market, entertainment is a finger swipe away.

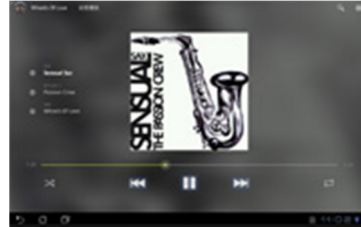

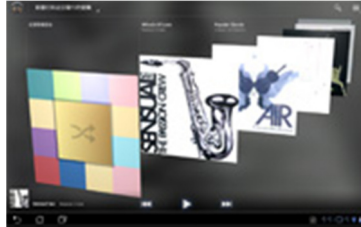

Computers & Electronics Inc. Bay 1 4530 49th Avenue Olds, Alberta T4H 1A4 ph. (403) 556-2413, or 116 Center Street North, Sundre Alberta T0M 0X0, ph (403) 638-2474

The convenient ASUS Launcher also allows users to easily launch software, manage content and access online services and connect devices with a few simple taps.

Music, listen to your music or online radio and bring them wherever you go.

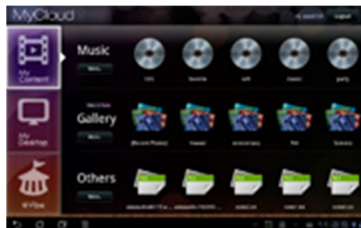

MyLibrary consolidates downloaded books, magazines and newspapers in to one easy step.

While ASUS' Waveshare Interface hosts a variety of unique applications such as MyNet, MyLibrary, MyCloud and more. MyNet easily streams digital media wirelessly within home network devices so HD videos or music can be played on devices such as an HDTV or desktop PCs for an even better experience from the Transformer.

The MyCloud*³ application is a total cloud solution, providing access to digital content such as music, videos and files from the cloud anywhere, anytime. Users can even use MyCloud to remotely access and control any PC or Mac system and access applications or files to extend the versatility of the Eee Pad Transformer experience.

ASUS Sync

To sync your contact list and calendar between Eee Pad and PC.

The Software needs to pair with Eee Pad. (This software is included in the PC Suite Utility.)

[Download from ASUS Support Site](#)

*¹ : 9.5 and 16 hour battery life estimated under certain conditions.

*² : Adobe® Flash® 10.2 can be download from Android Market or can update from ASUS' later release

*³ : My Cloud will be ready after mid-April via FOTA update

*⁴ : **Download Eee Pad PC Suite on your PC**

Eee Pad PC suite includes MyDesktop PC server, ASUS Webstorage (Windows version) and ASUS Sync: all the essential kit to connect and sync your data with MyCloud and your EeePad.
